

Late Summer Early Fall Buy Update

Please stop in and say goodbye to our sweet Pleasant Ridge manager, Maria! She's been a permanent fixture for over four years! We are SO proud to sau that she's off to Wayne State full time, on a two year **Grad school** scholarship. She can fill you in on all her upcoming adventures and details! Maria's last day is Fri, July 31st

We are slowing down to almost a standstill with purchasing summer items. This means that we are only looking for exceptional pieces, and are being very selective in general.

Our goal is to sell the summer inventory we already have in the stores. We want to make space on our racks so we can gracefully transition into buying back-to-school / fall items.

By mid August, we will be ready to purchase exceptional light weight fall clothing.

Just so we are on the same page, when we say exceptional, we mean clothing that is in excellent condition, as well as trendy or a great basic!

We are looking for brands and styles that will sell quickly. The transition times can be confusing to sellers; which is why we create buy updates so that people know exactly what we're doing and know what we are specifically looking for. For example, since we are curbing our Summer buying, we may pass on a perfectly lovely Old Navy skirt—even though it's current. An example of a remarkable piece, is an Anthropologie dress in great shape and is also current. Since we have so many people selling at both of our locations, we want to convey updated information to let folks know exactly what we need and why we need to be selective.
